Empowering youth leaders in HIV prevention

How can youth leaders make a difference in HIV prevention? How does youth leadership globally complement youth leadership on the field? How can youth leadership help drive microbicides advocacy?

Sara Plot from MTV Staying Alive Foundation will be joining us for a conversation about young people as leaders in effective HIV prevention communication. She will talk about the campaigns in the various countries they are supporting (including the Kelly Rowland programme) and why they think the campaigns work.

Date: 1st October 2008 / Time: 14.00 - 16.00

(Official business 14.00 - 15.00 & discussion with Sara Plot from 15.00 - 16.00)
